What are your main priorities for your child's education/recreation?

Covid - AGREEMENTS

For the safety and security of our cooperative's family and staff, we are asking parents to commit to the following which are based on the recent Governor's orders.

I agree that in order for my child to attend,

- I and my child will wear a mask when indoors with anyone outside of my household.
 - You can define your own household.
 - These are people who could be unmasked indoors with you or your child & be part of this agreement (see below).
- I and my household members will quarantine/ or be tested after plane travel.
 - We understand that we often cross state lines because of our unique location.
- If a close contact has become symptomatic or is awaiting a test result, I will withdraw my child from attending until we know the covid status definitively.
- I will notify the Kids Co-op immediately if a close contact has tested positive, even if my child has not had contact with them.

In the case of a Covid outbreak, we will follow CDC and local health department recommendations. We will do what we can to continue our program remotely

PLEASE SEND COMPLETED APPLICATION TO:

Wave of the Future accepts any child whose family is interested in early education. We attempt to achieve a balance of age, gender and experience in the classroom. Generally, we are not equipped or licensed to care for children with special needs; therefore, any such care is conditional upon the consent of the camp guide. In some cases, applicants will be "interviewed" by the head guide and another camp representative to get a sense of how the child will function in the program. Each child must be able to participate and substantially benefit from our program without risk to themselves or other children. Wave of the Future reserves the right to deny entrance into the program based on the interview process, or to ask that child be removed from the program after a trial period if the program does not appear to be a good fit for the attendant and other children. Wave of the Future does not discriminate on the basis of race, color, national or ethnic origin in hiring, promoting, or training of employees, nor in the admissions, rights, privileges, programs, and activities of its students.
